**If you bring in a vehicle that is much cleaner than average, we can work with you a little**

- vacuum all carpets
- spot shampoo carpets/seats (if full shampoo is needed add \$25)
- Clean seats – if leather we will apply conditioner after cleaning
  - clean headliner
  - Clean/blow out vents and other cracks, & crevices
    - Clean door panels and dash
- apply a non-glossy UV protectant to all interior surfaces except leather (high gloss is an option if you want that instead of the non-gloss)
  - Trunk cleaned
  - Clay mitt hand wash
- Remove minor tar and/or rail dust (excessive tar/rail dust/road paint – price will increase)

- Clean wheels – if chrome or polished aluminum in need of excessive polishing price will increase)
  - Minor buffing for a few minor scratches/scuffs
    - Polish/wax exterior and bumpers
  - Door and trunk jams cleaned and apply a spray wax
    - Windows cleaned inside and out

**Ceramic Coating:**

We offer 3 different Ceramic packages... each will vary in price based on how much correction/prep work is required on your paint. All vehicles will need some level of paint correction/prep work done... some will need a lot more than others. Ceramic Coating starts at \$250 and go up from there. We would need to see your vehicle in person to be able to quote this accurately.

**Extra add on services:**

Engine bay cleaning - \$25-\$50 (most stock engines are \$25)

Glass polishing – to remove hard water spots \$75-\$125 ask for a quote

Ozone treatment to remove odors such as cigarette smoke - \$15 for the first 3-hour treatment, \$10 for each additional 3-hour treatment. (most cars require 2 treatments)
